

# Pedestrian Operated Pallet Truck (CFL06)

## Target Group

All identified personnel who are required to use or responsible for work carried out involving the use of Pedestrian Operated Powered Pallet Trucks. It is recommended that all operators should have the benefit of a formal course and test before operating a truck in a normal working environment.

## Aim

The aim of this course is to bring candidates into line with accepted Codes of Practice approved by the Health and Safety Commission and regulations covered by the Health and Safety at Work Act 1974, Sections 2 and 16.

## Course Content

The course content varies according to the candidate requirements as follows:

1Day Operator Course (Novice)

1/2 Day Operator Course (Experienced)

Both novice and experienced operators will receive theoretical and practical training before taking their test.

## General Information:

These courses are approved by ITSSR Services, which means that they meet the exacting standards of the Health and Safety commission's Approved Code of Practice.

Courses held on your site for up to 3 candidates.

*All courses can be held on-site subject to available facilities. Contact us for a quote.*
